

TWELVE INNINGS, YET NO VICTORY

Sharpest Game on Diamond This Season Ends in a Tie.

YALE SURPRISED BY AMHERST

Princeton's Vast Improvement Shown Against Lehigh—Harvard Losses to the Quaker Lacrosse Experts—Old Eli's Golfers Win.

The most remarkable ball game of the present season was played at Yale Field, New Haven, yesterday, between Yale and Amherst. After a contest lasting twelve innings, in which brilliant play was monotony in its frequency, the game was called on account of darkness, with the score a tie, at three runs each.

The Yale men looked for an easy victory, as Amherst was expected to put up only the fair sort of game usually played by the smaller colleges. But in such surprise the wearers of the blue were sadly mistaken, as Amherst showed unexpected strength in the pitcher's box, and likewise put up a few surprises even on Yale's lightning-like fielders themselves.

The teams began the game with their pithy pitchers—Cole and Brame. The former in Yale's regular left fielder, who made several sensational put-outs in the recent games with Georgetown. He had pitched but one game previously, and when the visitors' strong game became apparent he gave way to his more experienced team mate, Garvan. Brame got unsteady in the fifth and yielded to Kane, a left-handed twirler, who proved a greater puzzle to the Eli's, and saved his team from defeat.

The game was full of sensational plays, Favour and Chase putting up a quick double play on Cole and Winslow, and Brame striking out Guernsey, Amidon then catching De Saules at second on a lightning play. Brame fielded sensationally after Kane took his place in the box, somersaulting for one hard liner to right in the dark of the twelfth inning.

Captain Favour, of Amherst, nearly lost the game for his team by ill-judged plays. In spite of superior playing to anything done thus far this season, Yale could only get three men to first base in the last seven innings.

The contest ended in something of a muddle, as Miller stole home with Yale's winning run, while Kane was delivering the ball. Unhappy Grober at first allowed the ball, but finally reversed his decision, declaring that, as Hasenwinkle batted at the ball which was finally pitched, Miller was not entitled to score. Hasenwinkle knocked a weak grounder to Kane, closing the game. Yale slightly outbatted Amherst, but failed to bunch hits. Fielding honors were even. The score:

R.H.E.
Yale.....0 0 1 2 0 0 0 0 0 0 0 0 3 5
Amherst.....0 2 0 0 1 0 0 0 0 0 0 3 6 7

Batteries—Cole, Garvan, and Winslow; Brame, Kane, and Roa.

Princeton, 13; Lehigh, 0.

The Tiger ball players yesterday showed the good effects of their Southern trip experiences in defeating Lehigh in a brilliant fielding game. The men from Bethlehem put up only a fair article of ball. They were weak, both in fielding and batting, and at times showed little head work.

The chief features of the game were the four double plays made by Princeton, all of which were fast and clean. Dunscombe was tried in the pitcher's box for the first time, and he surprised everyone by his steady work. No bases on balls were given on either side till the eighth inning. Lehigh's only chance to score was in the fifth inning, when, with two men on bases, Taylor hit to Steinwender, who threw to Meir on second, then to Pearson, thus doubling, and retiring the side. The score:

R.H.E.
Lehigh.....0 0 0 0 0 0 0 0 0 0 0 0 8 5
Princeton.....1 0 4 0 0 4 2 2 1 1 1 1 1 1

Batteries—Taylor and Lilly; Dunscombe and Green.

West Point, 9; Syracuse, 4.

The cadets of the Military Academy on the Hudson took their Syracuse University guests into camp on the drill grounds at West Point yesterday. Only seven and one-half innings were played, when darkness intervened.

The strategists gave the civilians a cannonade of effective hits, let go in bunches in the third and fourth innings, sufficient to win the game. The Syracuse twirler pitched a fine game. The score:

R.H.E.
Syracuse.....0 0 1 0 0 0 3 4 4 5
West Point.....0 0 4 1 0 0 0 0 0 9 5

Batteries—Moore and Henderson; Albright, Graham, and Hackett.

State, 10; Dickinson, 5.

The Pennsylvania State College team, which lost to Georgetown here on Tuesday, yesterday defeated their neighboring rivals from Dickinson College, Carlisle, Pa. The game was loosely played, the only feature being Cannon's batting for Dickinson. The score:

R.H.E.
Dickinson.....1 0 0 0 0 1 0 0 0 2 5
State.....0 1 2 2 0 1 2 1 1 10 12 2

Holy Cross, 9; Wesleyan, 1.

Wesleyan was defeated on her own grounds at Middletown, Conn., yesterday by Holy Cross by the score of 9 to 1. The game was well contested until the sixth inning, when the Holy Cross batters began to solve Chapman's curves and won the game. The error of the Wesleyan players were responsible for their defeat. The score:

R.H.E.
Wesleyan.....0 0 1 0 0 0 0 0 0 2 5
Holy Cross.....0 0 1 0 3 0 5 3 9 9 2

Batteries—Chapman and Ingalls; McGeehan and Newman.

Brooklyn, 8; Manhattan, 3.

The Manhattan College nine faced the experienced professionals of the Brooklyn team at Washington Park, Brooklyn, yesterday, and the youngsters gave a decidedly good account of themselves. They played baseball all the time. They held a lead of 2 to 0 for three innings and played superbly in the field. The only blunder charged against them was a muffed fly by Mullins, who would probably have caught the ball had he not been confused by the first baseman, who also tried for the catch.

Mullins, the Manhattan's second baseman, played a remarkable game, making two runs, three hits, a single, a two-bagger, and a three-bagger, and accepted nine out of ten chances in the field. Rock hit safely twice and accepted eight chances at shortstop. The Brooklyn men did little hitting at the start, but when they did

get to work in the fourth inning they kept it up to the end.

R.H.E.
Manhattan.....2 0 0 0 1 0 0 0 0 3 6 1
Brooklyn.....0 0 0 4 0 0 1 3 8 16 2

Other College Games.

Columbia University's team journeyed from the Metropolis to New Brunswick, N. J., and defeated Rutgers, 6 to 4. University of Pennsylvania, on their home grounds, beat Ursinus College, 18 to 2. Brown University lost to the Providence Eastern Leaguers, 6 to 5, because of errors.

In the West, Chicago and Notre Dame put up an even game, on hits and errors, but the Portkelpis pennant-chasers won, 11 to 3, by bunching their hits.

Yale Golfers Win.

Yale's varsity golf players defeated the New Haven Country Club yesterday in an eight-a-side team match on the latter's course in the suburbs of the Elm City. The total score in favor of the undergraduates was 23 to 8.

Charles Hitchcock, Jr., the Point Judith Country Club crack, and captain of the Yale team, played first on his side and defeated Beach, 7 up. The heaviest contributor, however, to Yale's victory was Alsop, who had Miller, of the Country Club, no less than 12 down. Among the Yale representatives to finish down were "Archib" Reid, a younger brother of John Reid, Jr., and George Hull, Jr., the young Tuxedo amateur. The summary:

Yale—Charles Hitchcock, Jr., 7; P. H. Jennings, 1; "Archib" Reid, 9; Mr. Campbell, 12; Mr. Alsop, 12; Mr. Barnes, 9; George Hull, Jr., 6; Mr. Carrol, 6; total, 23.

New Haven—Mr. Beach, 9; Mr. Green, 9; Mr. White, 9; Mr. White, 9; Mr. Miller, 6; Mr. Camp, 4; Mr. Paulding, 2; Mr. Price, 0; total, 8.

Harvard Loses at Lacrosse.

Harvard's varsity lacrosse team went down before the Swarthmore College team yesterday by the score of 8 to 3. The game was well played and was devoid of roughness.

Swarthmore started off with a rush, and scored three goals in quick order. Then Harvard checked them. The Crimson scored a goal on Swarthmore before the first half ended. In the second half Harvard took a brace, and at times had Swarthmore's defense on the run. The Crimson succeeded in scoring twice, while Swarthmore added four more goals.

Intercollegiate in New York.

Despite recent rumors from Philadelphia to the contrary, the annual intercollegiate track and field championships will be held in New York. Announcement to this effect has just been made by the manager of the contests, Frank B. Ellis, of the University of Pennsylvania.

The dates selected are May 30 for the preliminaries and May 31 for the finals. The field on which the meet is to be held has not yet been chosen. But either Manhattan Field or the New York Athletic Club grounds, on Travers Island, will probably be selected.

Ever since the annual meeting of the association in February there has been some doubt concerning the field on which the championships were to be decided this year. On behalf of the University of Pennsylvania, Murdoch Kendrick offered the association the use of Franklin Field, and the Boston Athletic Association also offered its field. The advisory committee of the association, however, thought it inadvisable to take the contests away from the metropolis.

PEDIGREES MADE TO ORDER.

How Some Americans Get Long Ones in Old England.

The anxiety of some wealthy Americans to trace their pedigrees back to "our old nobility" was amusingly illustrated yesterday in a case before Mr. Justice Lawrence.

Aloysius Joseph Gordon Kane, a retired lieutenant colonel in the American army, sued the London General Omnibus Company for damages for a broken arm due to the alleged negligence of the company's servants while he was boarding an omnibus.

The plaintiff's counsel stated that his client devoted himself to genealogical enquiries for wealthy Americans who desired to connect their families with noble houses in England. His average earnings were £600 a year.

Cross-examined, the plaintiff said that when the accident occurred he was engaged upon tracing the pedigree of a nobleman. He had been on one of them for twenty-two years, one for nine years, and one for four years.

His Lordship—Your clients don't seem to be in a hurry.

The Plaintiff—They are rich people—millionaires.

His Lordship—if you have luck, they may last another twenty years.

Mr. McCall (for the defence)—Are you paid by results?

His Lordship—I suppose if anybody wants to be descended from John Gaunt, and you cannot hang him onto John Gaunt, you get nothing.

The plaintiff replied that he was paid for the work he did.

Ultimately the jury found for the plaintiff, with £140 damages.—London Telegraph.

EVER GET "FULL?"

On Other Things Than Liquor.

It is profitable for anyone to study food in order to regulate the health, not with medicine, but by building up healthy nerve centers with good food.

A man who has made something of a study on this line writes from Iowa City: "When I first tried Grape-Nuts it was at the table of a prominent State official and the remarkable taste attracted me. I afterwards investigated the subject carefully, and discovered that Grape-Nuts contains dextrose sugar. The starchy part of the food is transformed into starch sugar or dextrose. These same results are produced by the elegant organs by the action of the saliva and the pancreatic juices on starchy foods. These facts convinced me that Grape-Nuts is a natural, undigested food, and just what I required and needed."

"I had been suffering from a full feeling after meals and generally more or less indigestion. All this trouble left when I got using white bread, warm biscuits, etc."

"It was about this time I came home from school, broke down physically and mentally. I only weighed 120 pounds. At my earnest request mother began serving Grape-Nuts every meal, and she said she had never eaten anything that agreed with her physical condition as did my 'new food' as she termed it."

"In five weeks I weighed 123 pounds, a gain of thirteen pounds, and I feel so strong that I have been able to do from ten to fifteen hours of hard work daily. My mind has never seemed so clear before, and I am thoroughly convinced that there is no food like Grape-Nuts to produce health, and a strong and clear brain. Lee Arlington, Box 1755, Iowa City, Iowa."

Plot to Kill Bishop of Uskub Reported.

Servian Government Hears of Such an Intent.

Mgr. Firmilian, the Bishop, Supported by Servia and Bitterly Opposed by Macedonians and Bulgarians.

COLOGNE, April 17.—A Belgrade dispatch to the "Cologne Gazette" says the Servian government has received information of a plot to kill Mgr. Firmilian, the bishop of Uskub.

The bishop is a Servian prelate who was appointed in 1897, but has not yet been consecrated owing to Bulgarian opposition.

It is stated that three agents of the Macedonian committee at Sofia have started for Uskub with the intention of assassinating Bishop Firmilian. The authorities at that place have been warned.

A Constantinople dispatch dated April 13 stated that the strain between Bulgaria and Turkey has been tightened by an ecclesiastical episode. It was thought that the Sultan would issue a firman authorizing the consecration of Mgr. Firmilian as bishop of Uskub.

The Bulgarians and Macedonians strongly oppose his consecration, which Servia was accused of doing her utmost to secure.

PLOT TO KILL BISHOP OF USKUB REPORTED

Servian Government Hears of Such an Intent.

Mgr. Firmilian, the Bishop, Supported by Servia and Bitterly Opposed by Macedonians and Bulgarians.

COLOGNE, April 17.—A Belgrade dispatch to the "Cologne Gazette" says the Servian government has received information of a plot to kill Mgr. Firmilian, the bishop of Uskub.

The bishop is a Servian prelate who was appointed in 1897, but has not yet been consecrated owing to Bulgarian opposition.

It is stated that three agents of the Macedonian committee at Sofia have started for Uskub with the intention of assassinating Bishop Firmilian. The authorities at that place have been warned.

A Constantinople dispatch dated April 13 stated that the strain between Bulgaria and Turkey has been tightened by an ecclesiastical episode. It was thought that the Sultan would issue a firman authorizing the consecration of Mgr. Firmilian as bishop of Uskub.

The Bulgarians and Macedonians strongly oppose his consecration, which Servia was accused of doing her utmost to secure.

It was said that the bishop's consecration would be followed by a declaration of Bulgarian independence.

PATIENT'S ARM GREW FAST AGAINST HIS SIDE

Brockton, Mass., Surgeons Have Curious Case.

William Benjamin Had to Be Cut Loose From Himself, and Now Must Be Given a New Skin.

BROCKTON, Mass., April 17.—William Benjamin, of Holbrook, has been brought to the Emergency Hospital to have some skin grafted on his side, which operation has become necessary after long suffering from a peculiar wound.

He was severely burned by the explosion of a lamp two years ago, and the injury was of such a nature that one of his arms was held in close contact with his body.

The bare tissues of the arm and body grew together and it finally became necessary to cut the arm away from the body.

This left raw flesh exposed, and the skin has never grown over.

Charles Whitting, of Holbrook, a friend and neighbor of Mr. Benjamin, has consented to have a sufficient amount of skin taken from his back to be grafted on the body of Benjamin to cover the wound.

Members of the Washington Times Newsboys' Band will report in uniform at 8:30 o'clock tonight at the band room in The Times Building to escort Orient Comrades, No. 5, Knights Templar, to the Masonic fair.

IMITATOR OF PAT CROWE.

Tried to Extort Money by Threatening Arson and Was Shot.

Willard Smith, a youthful imitator of Pat Crowe, was shot and instantly killed at Pilley, fifteen miles east of here, last night just as he had stepped from the vestibule of a church, his hand still holding a sack of money, the proceeds of a threatening letter. For months past the business men of Pilley have been in hourly dread of being burned out, several ineffectual attempts having been made to set fire to buildings. Ten days ago some one succeeded, and five firms were burned out.

Last Saturday P. T. Lowell, a merchant having the largest store in town, received a threatening letter. In it he was told to get \$150 in gold coin, place same in a sack, and leave it in the vestibule of the church. If the demand was not complied with by 8 o'clock Sunday Lowell was told his store would be burned and that the stock on his ranch would be poisoned.

Acting on the advice of the sheriff, Lowell carried out the instructions, but prepared to capture whoever appeared. Together with three others, Lowell hid in the church, one man secreting himself in a closet. At the appointed hour some one was seen to approach the building, and, without hesitating an instant, enter the vestibule.

Just as the man had taken hold of the sack containing the money Frank Shadley, who had been watching from the closet, stepped out and fired. He was again commanded to halt, and, refusing, was fired at by Frank Shadley. The bullet struck the fugitive in the back, penetrating his heart. He fell and died almost instantly.

The affair created intense excitement, which was heightened when the dead man was identified as the twenty-year-old son of wealthy parents, Mr. and Mrs. S. R. Smith, who reside near the town. The young man was regarded as a trifle wild, and was always plentifully supplied with money.

The people of Pilley are unanimous in their belief that young Smith never planned the affair, but that he was made the dupe of older heads.—Beatrice Letter to Chicago Tribune.

KISSES FOR MAYOR-ELECT.

Reformer Carries His Town After Hot Campaign.

CHICAGO, Ill., April 17.—Kisses rounded out the bitterest municipal fight waged in years at Highwood, and marked the passing of William H. Hogan, the suburb's "Car," who has been its village president for nine years. Michael Gibbs, a Highwood business man, was successful in the fight he and his friends, assisted by wives, waged on the forces by the narrow margin of seven votes.

When the victory was made sure a host of women, led by Mrs. Gibbs, rushed upon the winner and kissed him, not once apiece, but many times, and then the men hoisted the mayor-elect upon their shoulders and paraded through the classic suburb. The fight waged upon Hogan was because of his alleged friendliness for the proprietors of the Deerfield poolroom.

PHILADELPHIA LOSES CHURCH OF THE SAVIOUR

Beautiful Structure Ruined by Fire Last Night.

Damage Will Exceed \$200,000.—It Is Generally Believed That Flames Were of Incendiary Origin.

PHILADELPHIA, April 17.—Fire, which was discovered at midnight, and not gotten under control until 3 o'clock this morning, completely destroyed the Protestant Episcopal Church of the Saviour, at Thirty-eighth and Ludlow Streets.

The blackened walls alone stand as evidence of the magnificent structure which was one of West Philadelphia's handsomest and most fashionable places of worship.

The loss will exceed \$200,000. Three beautiful stained glass windows and a Mexican onyx font, presented at different times to the church by the Drexel family, were shattered and ruined, and all the decorations added in 1899 at a cost of \$50,000, were eaten up by the flames.

The roof has fallen in, and it seems as though by a miracle alone that the parish house and hall of St. James Roman Catholic Church, immediately adjoining the Church of the Saviour, escaped.

As the flames mounted up the great gothic tower and belfry they started a panic in the big Sherwood apartment house on Chestnut Street.

Hundreds of university students and the firemen, and carried away furnishings from nearby residences that for a time were threatened. An electric lighting plant recently installed in the building may have started the fire, but it is generally believed to have been the work of incendiaries.

FLAT DWELLERS MEET; FLAT JANITORS' MOVE

Organizing "Brotherhood" to Offset Latter's "Union."

Chicago Apartment House Tenants Have Formulated and Will Serve Upon the Janitors a Set of Rules.

CHICAGO, April 17.—The formation of a union of flat building janitors here, and the issuance of rules by them, has started a movement for the organization of the flat dwellers' brotherhood to protect the interests of tenants.

William H. Arthur, a flat owner, with many years' experience as a flat dweller, is organizer of the Protective Brotherhood.

Yesterday he issued a call for flat dwellers to come into the union.

A copy of the rules will be given to the janitors in all "brotherhood buildings."

A grievance committee will have charge of complaints.

Admiral O'Neill at Armor Plant.

SOUTH BETHLEHEM, Pa., April 17.—Rear Admiral O'Neill, chief of the Bureau of Ordnance, was at the Bethlehem Steel Company works yesterday, where he witnessed the progress of the work on armor for the battleships Maine, Ohio, Pennsylvania, Colorado, and others, and inspected finished guns for the Ordnance Department. A trainload of armor was sent to Cramps' shipyard for the Pennsylvania and the Colorado.

THE 50 cent allotment of shares of the Mergenthaler-Horton Basket Machine Company closes Saturday, April 19th, or earlier.

The price then advances to 60 cents a share (full-paid and non-assessable).

Announcements of progress in the development of the Company's plans will be made immediately.

All who are prepared to subscribe for the shares of this Company are advised that the advance to 60 cents will be followed by other advances at short intervals, as the equipment work progresses.

Owing to the probability of over-subscription, the right is reserved to reject any subscription.

The smallest subscription received is for 50 shares.

Checks, money orders, and drafts should be drawn to the order of CHARLES R. BARLOW, Treasurer.

The Mergenthaler-Horton Basket Machine Company.

ATHLETIC INSTRUCTOR KILLED BY A PUPIL

Hit Behind Ear With Sixteen-Pound Hammer.

Prof. Kimmel, of Terre Haute, the Victim, Was Preparing the Hammer-Thrower for Athletic Contest.

TERRE HAUTE, Ind., April 17.—Prof. J. P. Kimmel, physical instructor at the Indiana State Normal School, was fatally injured yesterday afternoon by being struck on the head with the sixteen-pound hammer with which Captain Beecher, of the track team, was practicing.

The hammer struck Prof. Kimmel behind the ear, causing a fracture of the skull and concussion of the brain. He has been unconscious since.

Prof. Kimmel came to Terre Haute in 1896 as physical instructor of the Y. M. C. A. His home was in Pittsburgh.

The state intercollegiate field day meet is to be held in this city next month, and Prof. Kimmel was making an especial effort to prepare a strong team to represent the school.

MRS. LUETGERT AGAIN.

Sausage Maker's Alleged Dead Wife May Have Been Found Alive.

CHICAGO, April 17.—The "Chronicle" this morning says: "Ex-Judge W. A. Vincent, counsel for the late Adolph L. Luetgert, is investigating a report that the alleged murderer's widow is alive and in Chicago."

Remarkable resemblance between the features of Mary Robbins, a supposedly demented woman at the Alma Mott Home, and those of Mrs. Adolph L. Luetgert, wife of the sausage-maker, who was sentenced to the penitentiary for her murder, and died in prison, led persons who have seen her, and who are familiar with the case, to believe that they are one and the same person, and that Mrs. Luetgert was never killed.

LIFE LOST IN A FIRE.

Victim Suffocated While She Sought to Save Her Money.

TORRINGTON, Ky., April 17.—One life was lost, three stores gutted, and five families burned out in a fire which started at 9 o'clock this morning in the Lilly Block, containing ten stores and many tenements, on Water Street.

The fire started under a stairway leading to the tenements.

Mrs. Mary Wheeler, aged twenty, was half way out of the building, when she went back for some money which she had left under her pillow. She did not reappear, and when the firemen reached her she had suffocated.
